Specializing in Laravel, Shopify, and WordPress. Expert in building dynamic, high-performing websites with seamless user experiences. Passionate about crafting efficient and scalable solutions.

Experience

Aliza Solutions

Wordpress Developer

September 2025 - Present (2 months)

Pakistan

Currently working at Aliza Solutions as a WordPress & Shopify Developer, specializing in Elementor Pro and WPBakery for creating modern and professional websites.

Web Berners

Wordpress Developer

February 2024 - September 2025 (1 year 8 months)

Karachi Division, Sindh, Pakistan

I have worked extensively as a WordPress developer, creating customized and performance-driven websites for various businesses. My experience includes building fully functional e-commerce websites using WooCommerce and designing responsive business portfolios. I have developed and customized WordPress themes according to client branding and layout requirements using PHP, HTML, and CSS. I've worked with popular page builders like Elementor and WPBakery to create engaging, mobile-friendly websites, and have designed dynamic sliders and banners using Slider Revolution. I have also implemented custom features using Advanced Custom Fields (ACF) to make websites more flexible and easier to manage. Along with that, I have carried out on-page SEO optimization and integrated several third-party APIs, such as payment gateways and shipping modules, to enhance website functionality. My focus has always been on delivering clean, SEO-friendly code with a user-friendly backend for clients.

Coconut Digital Solutions

E-commerce Store Developer (Shopify)

September 2023 - February 2024 (6 months)

Karachi Division, Sindh, Pakistan

At Coconut Digital Solutions, I was responsible for the complete creation and management of the Shopify e-commerce store. I designed the store layout to align with the brand's identity and ensured a smooth and engaging user experience. My work included product uploading, setting up collections, integrating secure payment gateways, customizing the theme according to business needs, and optimizing the store for better performance and SEO. I also managed the day-to-day operations of the store, including order management, inventory updates, and customer support coordination. This experience helped me strengthen my skills in Shopify development, store management, and e-commerce strategy.
